SUMMARY

Aspiring and detail-oriented .NET Developer with hands-on experience in building scalable web applications using C#, ASP.NET Core MVC, ASP.NET Web Forms, and SQL Server. Proven ability to design relational databases, develop secure backend systems, and integrate seamless frontend experiences. Passionate about writing clean code, optimizing SQL queries, and contributing to full-stack development cycles.

EXPERIENCE

Student Intern 01/2026 – 03/2026 | Nanpura, Gujarat

Om software

- Developed and maintained dynamic ASP.NET web applications using C#, improving overall system efficiency.
- Designed relational database schemas and optimized complex SQL Server queries, significantly reducing data retrieval times.
- Executed rigorous debugging and testing protocols to identify and resolve application issues before deployment.
- Collaborated with senior developers to implement scalable enterprise-level software architecture and best practices.

PROFESSIONAL PROJECTS

Nawabi Scents (E-Commerce Web Application) 2026

.NET Developer (ASP.NET Web Forms, C#, SQL Server 2012)

- Architected a fully functional e-commerce platform (nawabiscents.com) dedicated to perfumes, leveraging the complete Microsoft technology stack.
- Developed scalable backend services using C# Web Services (ASMX) and ADO.NET for seamless database integration and data management.
- Engineered secure administrative panels to manage category master controls and streamline robust product management workflows.

Nexus Arena (Turf & Sports Tournament Platform) 2026

.Net Developer (.NET Core MVC, SQL Server)

- Engineered a comprehensive gaming and sports tournament platform utilizing ASP.NET Core MVC and C#.
- Designed an optimized relational database schema in SQL Server, implementing efficient CRUD operations for user and tournament data.
- Developed secure authentication modules and robust backend services following strictly object-oriented programming (OOP) principles.
- Optimized database architecture and SQL queries to boost application performance and minimize page load times.

SKILLS

Backend & Frameworks
C#, ASP.NET Core MVC, ASP.NET Web Forms, ADO.NET

Databases
SQL Server, Relational Database Management Systems (RDBMS)

Tools & Servers
Visual Studio, Git, IIS (Internet Information Services)

Core Technologies: ASP.NET, C#, HTML5, CSS, CSS3, JavaScript, SQL

Web Services
C# Web Services (ASMX), API Integration

Frontend
HTML5, CSS3, JavaScript

Core Concepts

- Object-Oriented Programming (OOP)
- MVC Architecture
- CRUD Operations
- REST API

EDUCATION

HSC (Class XII) 2023 | Surat

RD Contractor High School, Surat

Bachelor of Computer Applications (BCA) 2023 – 2026 | Surat, Gujarat

SASCMA English Medium College

WEBSITES, PORTFOLIOS AND PROFILES

Languages
English, Hindi, Gujarati

Interests
Full Stack .NET Development, Video Editing
